

Tuition Agreement

Tuition Payments: The yearly tuition can be paid in one, two or ten installments, for your convenience. The tuition schedule is for the academic year commencing in August and ending in May. For those paying in one or two installments, we offer a discount of 5%. Monthly payments/installments are not calculated by the number of days a student will be in attendance. It is simply the annual tuition divided into 10 equal payments.

The school will require a two-month written notification of the withdrawal date if a student's withdrawal from the School is necessary prior to the end of the school year. If proper notice is not given, then two months' tuition will be due at that time.
